Misty Hebbler
Assistant Principal

September, 2020

Welcome to the 2020-2021 school year here at Covington Elementary School. The entire faculty and staff have been preparing for months for your child to arrive and can't wait to see them. We have implemented many safety measures on the school campus and in each classroom to keep your child healthy, safe and happy.

Students and the teacher in each classroom will be considered a "static group". This group will remain together throughout the school day. They will eat breakfast and lunch, as well as attend PE and recess together. The student desks in the classroom are arranged to provide for social distancing.

All employees and 3rd grade students must wear face masks.

Pre-K through 2nd grade students are not required to wear masks, but certainly can if a parent desires.

Every student will sanitize his/her hands after getting out of the car or bus and will go directly to his/her classroom where the teacher will take their temperature.

Water fountains are closed. Students are encouraged to bring a water bottle daily. Water will be provided if needed and a water refill station will be available.

Blue tape markings are in hallways, near office, and cafeteria to promote social distancing. These markings are 6 feet apart.

Signage is visible throughout the school reminding students to social distance, wash hands for 20 seconds, and how to appropriately wear a mask.

Teachers will be showing safety protocol videos the first week of school to all students.

Please continue to look on our website for any information as I will be updating it regularly.

Please know you can call or email me anytime. I greatly appreciate you entrusting us with your most precious gifts. We are going to have a great year!

Sincerely,

Melissa Eason

"The Best School in the Whole Wide World"
